COMPANY PROFILE

ABOUT US

WHO WE ARE

Multi Solutions CC was founded in July 2009 by Mr. Nicodemus Nghinyotwa in Windhoek, Namibia. What began humbly from a rented bedroom in Windhoek West has grown into a respected electrical contracting and construction company.

Drawing on his academic training at the Polytechnic of Namibia, now known as the Namibia University of Science and Technology (NUST), along with the practical experience he gained during internships at Jacobs Engineering Consultants, Mr. Nghinyotwa turned his vision into reality. His journey was fueled by resilience, hard work, determination, faith, innovation, and a commitment to creating employment opportunities for fellow graduates.

EARLY CHALLENGES AND MILESTONES

The company's early years were marked by determination and perseverance. Despite submitting up to four bids per week, Multi Solutions did not secure a project for the first 2.5 years in operation. That persistence paid off in 2012, when Multi Solutions CC landed two significant contracts: wiring the Anti-Corruption Commission building and the Auditor General Head Office in Windhoek, followed by the wiring of the Southern Africa Custom Union (SACU) headquarters in Namibia.

These milestones established Multi Solutions as a credible player in Namibia's construction and electrical contracting sector. Startup capital was creatively sourced, when Mr. Nghinyotwa collected and resold empty bottles to fund tender documents and salaries.

WHY WE EXIST

The company was born out of necessity and vision. As a graduate of Electrical Engineering, Mr. Nghinyotwa faced limited employment opportunities and chose to create his own path. Coming from a disadvantaged background, he was motivated to break cycles of poverty and provide opportunities for others. His entrepreneurial spirit—evident since high school, when he employed peers to sell earrings and worked parttime to pay school fees—continues to shape Multi Solutions CC's ethos of empowerment, resilience, and innovation.

HOW WE WORK

Multi Solutions CC built its reputation through the tendering process, acquiring projects by demonstrating competence, integrity, and value. The company’s first performance guarantee was supported by Pupkewitz Megatech, which also extended credit facilities for acquiring electrical materials. Over time, Multi Solutions evolved from wiring commercial buildings to delivering largescale rural electrification medium and low voltage as well as reticulation projects, supported by proper office infrastructure and a growing team of skilled professionals.

VISION

To be Namibia’s trusted leader in construction and electrical contracting, delivering innovative solutions that empower local talent and drive sustainable growth.

MISSION

Our mission is to deliver world-class construction, electrical contracting, and project management solutions that empower communities, cultivate local talent, and drive sustainable growth for generations to come.

VALUES

Integrity

We uphold integrity by being honest, reliable, and ethical in every project—delivering quality work that builds trust with clients, partners, and communities.

Community Empowerment

We invest in skills transfer, job creation, and local talent development to uplift Namibians and contribute to national growth.

Determination

We demonstrate determination by staying focused, resilient, and committed to completing every project—overcoming challenges and delivering results that meet the highest standards.

Safety

We prioritize the health and safety of our employees, clients, and communities in all operations.

Hardwork

We believe in putting consistent effort, dedication, and skill into every project—working tirelessly to deliver safe, reliable, and high-quality results that stand the test of time.”

Professionalism

We uphold professionalism by delivering quality work with competence, respect, and accountability—ensuring every project meets the highest standards and earns the trust of our clients and communities.

OUR SERVICES

Electrical contracting

Earth moving

Construction

Optic fiber and civil works

Supply and delivery of electrical materials

Hiring of crane trucks and other equipment's

Project management and coordination with partner electrical contractors (managing projects and supplying materials on behalf of partner contractors).

HOW WE CREATE VALUE

⚡ We create value by delivering safe, high-quality electrical contracting; supplying of electrical materials and construction solutions that meet client needs and exceed expectations.

⚡ We partner with other electrical contractors to manage projects and supply essential electrical materials, ensuring seamless delivery and reliable outcomes for clients.

⚡ We empower communities and local talent through skills transfer, job creation, and ongoing support to sustain Namibia's workforce.

⚡ We operate with integrity and professionalism, building trust with clients, partners, and communities through transparent, ethical practices.

⚡ We invest in community empowerment by actively supporting local initiatives and donating to the communities where we work

OUR TEAM

Mr. Nicodemus Nghinyotwa

Chief Executive Officer

Nicodemus T. Nghinyotwa is the Managing Director and Project Manager. He has a National Diploma in Power Engineering from the Polytechnic of Namibia with two decades of experience in electrical construction, project management and building construction.

Mr. Nicodemus Nghinyotwa initially carried multiple roles, which included site foreman, accountant, and bid technician. He was supported by his brother, Andreas Nghinyotwa, who assisted with general work and bid preparations.

In 2013, the company's administrative capacity was strengthened when Peyavali Hangula, a chartered accountant and Mr. Nghinyotwa's former schoolmate, joined to professionalise financial and administrative systems. Together, this family driven team laid the foundation for the company's growth.

Holotensia Elago

Bid Engineer

Holotensia Elago is a Bid Engineer with 4 years experience. She holds a Bachelor's Degree in Electrical Engineering (Honours) from University of Namibia.

Simon Hishilenapo

Electrical Foreman

Simon Hishilenapo is an Electrical Foreman. He has a Trade Diploma in Electrical from Namibia Institution of Mining and Technology, with over 12 years of experience at Multi Solutions.

Peyavali Hangula

Financial Director

Peyavali Hangula is the financial director. She has a Bachelor's degree in Accounting from the University of Namibia, an Honours degree in Accounting from University of South Africa (UNISA) and she is a Chartered Accountant with 17 years of experience.

Ndamononghenda Nghilwamo

Accountant

Ndamononghenda Nghilwamo is an Accountant with 4 years of experience. She holds a Bachelor's Degree in Finance Management (Honours) from International University of Management.

Martha Twiindileni Ananias

Bid Engineer

Martha Twiindileni Ananias is a Bid Engineer with 4 years of experience. She holds a Bachelor's Degree in Electrical Engineering (Honours) from University of Namibia.

SOCIAL RESPONSIBILITY

In 2019, Multi Solutions CC initiated a social impact project at Cocoma Primary School following the company's involvement in a rural electrification project at the school.

In collaboration with a community group known as Kingdom of Friends, a decision was made to construct two large corrugated iron hostel facilities to accommodate both boys and girls at the school. The project was valued at approximately N\$250,000, with Multi Solutions CC contributing N\$150,000 toward its implementation.

Following the publication and awareness generated around the school's circumstances and needs, several other companies and stakeholders came on board to support the school through various forms of assistance and community development initiatives.

SOCIAL RESPONSIBILITY

Multi Solutions, a local company known for its commitment to community development, has donated a brand-new borehole worth N\$300,000 to Oshithashembungu Primary School in the Onesi Constituency of the Omusati Region.

The donation comes after Multi-Solution's Managing Director, Nicodemus Nghinyotwa discovered earlier this year, while his company was working on the school's electrification project, that the school had been without access to clean water for almost four years.

4. SOME OF OUR SUCCESSFUL COMPLETED PROJECTS

LIST OF PROJECTS DONE BY MULTI SOLUTIONS

Below are a few of our successful completed projects

Projects Names	User Client	Nature of work	Value of projects	Year of completion	References Consultant/ Architect
BUILDINGS ELECTRICAL WIRING AND INSTALLATION					
NEW HEAD OFFICE FOR ANTI CORRUPTION COMMISSION (Multi Solutions cc)	ANTI CORRUPTION COMMISSION BUILDING	ELECTRICAL WIRING AND INSTALLATION	N\$ 4 500 000	2013 May	GERNET CONSULTING ENG Isak Nekwaya Project Engineer Cell: 0812973827
New Headquarters for SACU Secretariat (Multi Solutions cc)	Headquarters for SACU Secretariat BUILDING	Electrical installation	N\$ 5 500 000	March 2014	Burmeister & Partners (PTY) LTD Ms Tuhupa Zatjirua Cell: 0812090820
New Headquarters for Office Of Auditor General (Multi Solutions cc)	Office Of Auditor General BUILDING	Electrical Installation	N\$ 13 200 000	May 2013	BICON Namibia Mr. A. Nashandi Director 061-275120 Cell: +264 811426662
RURAL ELECTIFICATION - TURNKEY PROJECT					
Turnkey Project- Medium Voltage and Low Voltage Network for Gam settlement (Multi Solutions cc)	Multi Solution Cc	Design, supply, Deliver and construct medium (11kV) voltage and low voltage networks	N\$ 7 000 000	November 2014	Ministry of Mines and Energy Mr. Vilyo Kuutondokwa Tel: 061 2848170 Cell:0812168238 NamPower Project Manager Mr. David Jarrett Cell:0813569120
ELECTRICAL RETICULATION UNDER GROUND					
Provision of Electrical Services to Oshakati Extension 16 (Multi Solutions cc)	Oshakati town council	Electrical Reticulation 11kv under ground	N\$ 15 591 795	Feb 2016	Denchi Consulting Engineers Mr Denis Managing Director Cell: 0811272529
Construction of electrical services in Engela/ Omafo extension 1&2 in Helao Nafidi town	Helao Nafidi town council	Electrical services in Engela/Omafo extension 1&2 in Helao Nafidi town	N\$ 18,021,724.84	March 2020	Mr. Elly Haimbili Town Engineer Helao Nafindi Cell: +264 812443311

RURAL ELECTRIFICATION 44KV H					
Supply, delivery, construction of a 44kv h- pole copper line from NAMWATER base to Namib water booster 1-erongo region (Multi Solutions cc JV NBT Quality Services)	ErongoRed	Supply, delivery, construction of a 44kv h-pole copper line from NAMWATER base to Namib water booster 1-erongo region	N\$9 600 000.00	2018	MR. FRANCOIS DE WET GS FAINSINGER COLSULTING ENGINEERS TEL: + 264 61 235165 CELL:+ 264 811222280
RURAL ELECTRIFICATION UP TO 33KV W					
Construction of MV and LV networks to Etanga Village in Kunene Region. (2021) (Multi Solutions cc)	Ministry of Mines and Energy	Design, Supply, Delivery, De- bushing, Construction, Testing and Commissioning of MV And LV Networks	N\$ 6,014,883.91	July 2021	MR. A. NASHANDI Bicon Namibia Consulting Engineers and Project Managers TEL: +264 61 275120 Cell: +264 811426662
Construction of Medium Voltage (MV) and Low Voltage (LV) Networks in Ohangwena Region (Multi Solutions cc)	NAMPOWER	Design, Supply, Delivery, De- bushing, Construction, Testing and Commissioning of MV And LV Networks	N\$ 16,800,000.00	July 2022	MR. SOME OWNED TOOLS & EQUIPMENT

#	Name	Description	Capacity/ Size	Quantity
TRUCKS AND LIGHT DELIVERY VEHICLE				
1.	Mercedes Benz Truck	4x4 with 5.35 Ton	10 Ton	1
2	Man TGM 18.240BB LWB F/CC/C Truck	4x4 with 7 Ton crane	18 Ton	2
3	Hino Super F	4x4 with 7 Ton crane	18 Ton	1
4	Toyota Hino 500 - 1322 (Dual wheels) AG5 Truck	4x4 with 15 Ton crane	18 Ton	1
5	M/B Truck	4X4	3 Ton	1
6	Caterpillar 428F2 Backhoe Loader	4x4 428F2 Backhoe Loader	N/a	1
7	BELL315K Backhoe Loader	34x4 15K Backhoe Loader	N/A	1
8	Light delivery vehicle	Toyota 4x4	1.610 Ton	4
9	Zebra Trailer	Doble wheels	3.5 Ton	1
CIVIL WORKS TOOLS				
1	Concrete Mixer	Concrete mixer series 400	350 litre	2
2	Plate Compactors	Plate compactor with tank		3
3	Roller Compactors	CAT roller compactor		2
4	Water Pump	Honda water pump		2
5	Poker Vibrator	Honda Poker		3
6	Foot compactor	Honda Compactor		2
7	Rammer compactor-Elephant foot	Honda	BS60-2i	2
8	Cherry picker		Good, 1	Owned
9	Compressor	Atlas Copco		1
10	Compressor	Comp- Air		1
FIBRE WORKS TOOLS				
1	Browing Machine - Minijet P02 SN with accessories	MINIJET P 02	New, 1	Owned
2	Arc splicing machine	Fujikura-41S	New, 1	Owned
3	M31 Kaeser compressor SN with after cooler	Keaser Model M 31 Portable Air	New, 1	Owned
4	Optical Loss Test Sets (OLTS) Fiber	AFL Noyes CKS-2 SM	Good, 1	Owned
5	Optical Time Domain Reflectometer (OTDR)	BD3000-T4	Good, 2	Owned

#	Name	Description	Capacity/ Size	Quantity
ELECTRICAL TOOLS				
1	Phase rotation	T890 Top Tronic Phase rotation detector		6
2	Dynamometer	Dynamometer, serial		6
	Tensioning and stringing equipment	no: 14.13565		
3	Polarization Mode Dispersion (PMD)			6
4	Earth resistance tester	T1120 Top Tronic Digital Earth resistance tester, Geohm5 HellermannTyton		6
5	Clamping multi meter	Fluke 305 clamp meter		6
6	Impedance tester	Top Tronic Impedance tester		6
7	Insulation tester	Top Tronic Insulation tester		5
8	Cables Crimping tools	Multi crimping tool		5
9	Megger tester	Top Tronic Megger tester meter		4
10	Measuring wheel	Different types and Brands		4
11	MV Cable Winch	DEA MODEL		5
12	MV Cable Jacks			6
13	1000V Insulation resistance tester	Geohm5- insulation tester		2
14	VLF insulation test set	Metriso tech insulation tester		2
15	Digital loop tester	Profitest mpro loop tester		2
16	PSC tester	Hellerman Tyon PSC tester		4
17	Polarity Tester	Phasecop Polarity tester		10
18	Electrical Drill	Makita Electrical Drill		10
19	Soil Resistivity Tester	Soil Resistivity Tester		2
20	Medium Voltage cable insulation tester	Megger		1
21	Cable drum stand			14
22	Cable roller			6
23	Cable Handling trailer			4
24	Electrical tool kit	Complete electrical kit		15
25	HV ACSR installation pulley			400
26	LV ABC installation pulley			150
27	Ratchet lever hoist			20
28	4-22mm 2 ton Come along clamp			20
29	Wooden pole climbing shoes			30 PAIRS
30	Linesman safety belt			30
31	TCTCDK compact digital compliance kit	Compact		1
32	Gen Set Generator	3phase	18hp	2
33	Honda Generator	Single Phase	7.5Kv	6
34	6Feet Containers	Site office and storages	2.1mX6.3mx2.2m	2
35	Moeller	Welding Machine	8.5	1
36	Jack hammers			6
37	Rock drills			2
38	Step ladders			15
39	Various other Electrical Tools			15
40	Gas Cylinders			4 pairs
41	Various Hand Tools like Wheelbarrows, crow bars, shovels, spades and saws.			+90
